- Product dimensions (W x H x D): 78 x 80 x 18 mm
- Product weight: 0.065 kg

Electricity
- Battery type: R3
- Battery voltage: 1.5 V
- Number of batteries: 2

Product highlights

PLL quartz digital tuning

Digital tuning with presets

Dynamic Bass Boost
Dynamic Bass Boost maximises your music enjoyment by emphasising the bass content of the music throughout the range of volume settings - from low to high – at the touch of a button! Bottom-end bass frequencies usually get lost when the volume is set at a low level. To counteract this, Dynamic Bass Boost can be switched on to boost bass levels, so you can enjoy consistent sound even when you turn down the volume.

Stereo earphone by-packed

Large LCD
The large LCD text display guides you through control options with ease, while display backlighting simplifies controlling your complete home entertainment environment in the dark. Stay informed and in control.

Built-in quartz clock

Auto headphone winder
